Student, please answer, in detail and in complete sentences, the following questions (please type out your answers and attach to this Internship Application.)

1. Describe your internship in detail. What exactly will you be doing? What does the organization do? What are your primary responsibilities/activities? What type of instruction will you receive?

2. What do you hope to learn during your experience(s) that equates with what you would learn in a 400-level Liberal Arts class? Explain. Be sure your goals are clear, specific, and measurable.

3. What specific on-site internship activities and experiences will help you to achieve your goals? Explain.

*Student Responsibility:
During the process of locating an internship, completing necessary paperwork, and actually working in the organization, students should remember that they represent Colorado State University and the department as well as themselves. A student who performs poorly or otherwise creates problems on the job not only jeopardizes his or her own standing with the organization and his or her grade for the internship but may jeopardize the opportunity for future students to work with the organization. In addition, prior to accepting an internship, students should clearly establish and understand the required job duties and terms of payment in consultation with the organization providing the internship. While the student is on the job, he or she is under the supervision of the organization.

*Workers' Compensation:
For off-campus internships, if the student receives any remuneration for the internship, including but not limited to pay, room, or board, the student is NOT covered by CSU workers' compensation but is covered by the hosting entity's workers' compensation or insurance. If the student does not receive any remuneration for an off-campus internship, CSU workers' compensation covers the student. Students paid by non-University sources even though working in a University facility or engaged in University projects are not covered by CSU's workers' compensation. Students paid by CSU and working at CSU are covered by the University's workers compensation.
**STUDENT AGREEMENT**

In addition to the above goals and activities, the following also apply:

1. Student completes a mid-semester assignment (1-2 pages).
2. Student submits an updated resume at end of the internship.
3. Student completes an essay at the end of the internship (4-6 pages).
4. Student completes work requirements for internship (1 credit = 40 Work Hours)
5. Receive 1-3 credits for internship experience. Grading will be Satisfactory/Unsatisfactory.
6. Student understands and accepts employment and payment terms of organization providing the internship.
7. Student is not receiving/has not received college credit for any other course for the work performed here.
8. All information student provided in application is true and accurate to best of student’s knowledge.
